GENERAL INSTRUCTIONS TO BIDDERS

THE GENERAL RULES AND CONDITIONS WHICH FOLLOW APPLY TO ALL PURCHASES AND BECOME A PART OF EACH CONTRACT OR PURCHASE ORDER. BEFORE SUBMITTING ITS BID, THE BIDDER MUST REVIEW ALL INSTRUCTIONS AND SPECIFICATIONS. A BIDDER'S MISINTERPRETATION OR IGNORANCE OF SUCH INSTRUCTIONS OR SPECIFICATIONS WILL NOT EXCUSE THE BIDDER FROM COMPLYING WITH THE INSTRUCTIONS AND SPECIFICATIONS. THE BIDDER MUST ALSO REVIEW APPLICABLE STATE LAWS. IF THESE INSTRUCTIONS OR THE BID SPECIFICATIONS ARE INCONSISTENT WITH STATE LAW, STATE LAW SHALL CONTROL.

NOTE: "District(s)" refers to the Colonial and Red Clay Consolidated School Districts, individually or collectively as indicated in the Special Instructions or Specifications.

1. BID PROPOSALS

Use the enclosed Proposal Form in submitting a Bid Proposal. The Bid Proposal must be dated and signed by an authorized representative of the bidder. A Request for Bids for Red Clay Consolidated, and/or Colonial School Districts received from any source other than the Central Bidding Department may not be complete or current. When you are made aware of an existing Request for Bid, you should contact this office for the bid documents.

All Bids must, prior to the time set for the public opening, be returned to the Data Service Center, Central Bidding Department, 168 S. Dupont Highway, New Castle, DE 19720, in the enclosed pre-addressed envelope with the bidder's name, bid number, and time and date of the bid opening appearing on the envelope. All bids must be in sealed envelopes.

2. "RFP" - REQUESTS FOR PROPOSALS

When the use of competitive sealed bidding is either not practicable or not advantageous to the District, a procurement may be effected after receipt of a response to a "Request For Proposal" ("RFP"). The "RFP" differs from a "Bid" in that offerors submitting proposals may be afforded an opportunity to discuss and revise proposals. Revisions may be permitted after submissions of proposals and prior to award for the purpose of obtaining best and final offers. Negotiations may be conducted with responsible offerors who submit proposals reasonably likely to be selected for award.

The contents of any proposal shall not be disclosed so as to be available to competing offerors during the negotiation process. The award shall be made to the offeror(s) whose proposal is most advantageous to the District(s), taking into consideration the evaluation factors set forth in the RFP. The award may be made upon criteria which do not include price.

3. PRE-BID MEETINGS

In the case of any public works contract for the construction, re-construction, alteration or repair of any public building or other public improvement of any District, there shall be a meeting of all prospective bidders and of the District called by the District upon reasonable notice and at a place and time stated in such notice which meeting shall be at least 15 days before the date for the submission of bids (29 § 6962(d)(10)a Delaware Code).

Pre-bid meetings for non-public works contracts and for public works contracts that do not exceed \$50,000 in value, and attendance requirements for such meetings, shall be at the discretion of the District(s).

4. DELIVERY OF BID PROPOSALS

Sealed Bid Proposal must be received in the Central Bidding Department, 168 S. Dupont Highway, New Castle, DE 19720, prior to the time set for the Bid Opening. It is the responsibility of the Bidder to make certain that the Bid Proposal is in the Central Bidding Department prior to the time set for the Bid Opening. The District(s) accepts no responsibility for any bid entrusted to the United States Postal Service, or any other delivery service or company. Bid Proposals not received in the Central Bidding Department by the time set for the Bid Opening will not be considered.

5. BID OPENING

Bids will be publicly opened in the Office of Central Bidding, Data Service Center, 168 S. Dupont Highway, New Castle, DE 19720 or other designated location at the time designated on the Proposal Form, and in the Advertisement for Bids. The purpose of the opening is to reveal the names of those bidders submitting proposals. The opening is not to serve as a forum for determining the responsiveness of each bid, or the apparent low bidder. Additional information shall be disclosed at the discretion of the Districts.

The contents of any "Request For Proposal" will not be disclosed at an opening so as not to interfere with the negotiation process. Only the names of those submitting proposals shall be revealed.

Such security shall be subject to the terms and conditions of the contracting District.
- C. The bond when required shall be conditioned upon the faithful compliance and performance by the successful bidder of each and every term and condition of the contract and the proposal and specifications at the time, and in the manner prescribed by the contract and specifications including the payment in full to every person furnishing materials or performing labor in the performance of the contract, of all sums of money due him for such labor or materials. Should a contractor/supplier fail to perform under the conditions of this contract, the District(s) reserves the right to purchase the item or items on the open market and charge to the contractor/supplier or deduct from any monies owed the contractor/supplier, the difference between the bid price and the purchase price. However, no such action will be taken without first notifying the contractor/supplier by certified letter and giving him reasonable time to reply, but in no event longer than 10 days from the mailing of the certified letter. Such action may be brought by the Department of Labor in the name and for the benefit of the laborer or mechanic with or without an assignment of the claim from the employee, the Department of Labor shall have the power to settle and adjust any such claim to the same extent as would the aggrieved employee. - J. A contract manager shall be responsible for monitoring compliance with this Section, but shall not become civilly liable to the same extent as the contracting person. For purposes of this Section, "contract manager" means any person who performs the function of the contracting person without becoming a party to the contract of performance, but rather contracts with the recipient of the goods or services to act as his/her agent. A contract manager who knowingly fails or refuses to monitor compliance with this Section shall, for each such failure or refusal, be subject to a Civil Penalty of not less than \$100 nor more than \$500. A Civil Penalty claim under this subsection may be filed in any court of competent jurisdiction. Proof of such license compliance shall be as determined by the School District(s) or their designee.

All bidders for public works projects shall insure that they have met all general contractor and/or subcontractor licensing requirements in accord with the requirement of Title 29 §6962 prior to submitting a bid.

NOTE: Contractors and subcontractors bonding and licensing requirements were amended by HB585 and as of January 1, 1987, require the following:

- A. Bidders shall obtain and comply with the Delaware Department of Revenue's Technical Information Memorandum 88-10 dated December 29, 1986. 21. PATENTS, TRADEMARKS, AND COPYRIGHTS

The supplier shall hold free of any liability, the School District(s) and the officers and employees, of any costs or expenses arising from patent, trademark or copyright infringement incurred by use of any item supplied or process used in performance of this Contract.

22. COVENANT AGAINST CONTINGENT FEES

The bidder warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement of understanding for a commission or percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the bidder for the purpose of securing business. For breach or violation of this warrantee the School District(s) shall have the right to annul the Contract without liability or at its discretion to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fees.

23. TAXES - EXEMPT

Since the School District(s) is exempt, prices quoted shall not include Federal taxes or State of Local taxes. Tax Exemption number is 51-6000279.

24. TRADE DISCOUNTS

All prices offered must be lowest net price after trade discounts have been considered. Bids offering a percentage off list prices will not be accepted unless; (1) Specifically requested in that manner; (2) A copy of the referenced price list accompanies the bid.

25. COMMERCIAL WARRANTEE AND GUARANTEE CERTIFICATE

The supplier agrees that the supplies or services furnished under the Contract shall be covered by the most favorable commercial warranties the supplier gives to any customer for such supplies or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the District(s) by any other clauses of the Contract. A final payment for performance shall not relieve the successful bidder of responsibility for faulty materials or workmanship.

26. INTERPRETATION OF SPECIFICATIONS

Should any bidder be in doubt as to the intention and meaning of the specifications, he may make inquiry to the Office of the Supervisor of Central Bidding of the District(s). Questions received less than three working days before the opening of bids may not be considered. All questions in order to be considered must be submitted in writing.

27. EXAMINATION OF SITE AND OTHER CONDITIONS BEARING ON THIS WORK

Before submitting proposal, bidders shall fully inform themselves of the nature of the work by personal examination of the site, and by such means as they consider necessary, as to matters, conditions, or considerations bearing on or in any way affecting the preparation of their proposal. A bidder shall not at any time after the submission of his proposal claim that there is any misunderstanding in regard to the location, extent, or nature of the work to be performed. No claims for any extra will be allowed because of alleged impossibilities in the production of the results specified, or because of inadequate or improper plans or specifications, and whenever a result is required, the successful bidder shall furnish any and all extras and make any changes needed to produce, to the satisfaction of the District(s), the required results at no expense to the District(s).

Failure of the bidder to thoroughly understand all aspects of the solicitation before submitting their bid shall not be sufficient cause to permit withdrawal of its bid nor secure relief on pleas of error after the contract is awarded.

28. BRAND NAMES AND APPROVED EQUAL

A. Where a particular manufacturer or several manufacturers, brands or models are referenced, it is to be interpreted as indicating the type or quality of material, and shall be interpreted to include an "approved equal". Bids may be considered on models or brands or products of manufacturers other than those specified if the items being substituted were approved by the designee of the District(s).

B. Where a manufacturer, brand, or model is referenced in the bid specifications, the absence of a reference to a different manufacturer, brand, or model in the bidder's proposal shall be interpreted as a bid on the manufacturer, brand, or model specified. Where several manufacturers or models are referenced as being equally acceptable and the bidder does not indicate what particular model or brand they are offering, the Designee of the District(s) shall have the right to select any brand or model referenced.

Only one bid per item will be considered. If a vendor submits more than one bid on an item, none of the vendor's bids on that item will be considered.

C. The Board of Education of the District(s) shall be the sole judge as to whether or not items submitted meet specifications or whether or not items being bid are equal. Any attempt to "resell" or disqualify other supplies while the proposals are being analyzed may be reason for your bid to be disqualified. If additional information is required, contact the Central Bidding Department.

D. All items furnished under the Contract must be new and unused, latest models (unless otherwise specified) and free from all defects. The foregoing excepts exchange, normal "rebuilt" items, where specified.

Time of submission of samples shall be specified in the specifications. Samples shall be specified in the specifications. Samples not provided as requested, will be reason to reject the bid for that item. All such samples shall be identified as to the supplier, model number, bid item number and

other information that may be required; these samples will be returned after evaluation. Suppliers shall have the responsibility of picking up their samples within two weeks after notification. Samples not removed after two weeks will automatically become the property of the District(s) at no charge.

The successful bidder for this work shall be responsible for all damage to other work caused by his workmen or through the neglect of his workmen on the site.

- B. The delivery of goods or items furnished under the terms of the Contract shall not be considered as acceptance thereof until the goods are inspected. The District(s) shall have a reasonable opportunity to inspect. If, for example, goods are delivered on August 1, the District(s) may not have a reasonable opportunity to inspect such goods until September or October. In all events, shipping invoices or other documents sent with goods shall not be controlling with respect to the timing of inspection. The inspection and test by the District(s) of any supplies or lots thereof does not relieve the supplier from any responsibility regarding defects or other failure to meet the Contract requirements which may be discovered subsequent to delivery. Except as otherwise provided in the Contract, acceptance shall be conclusive except as regards to Patent defects, fraud, or such gross mistakes as amount to fraud.
- C. Any item to be supplied as a result of this Contract shall be subject to inspection and test by the Ordering Office, to the extent practicable, at all times and places including the period of manufacture and in any event prior to acceptance.
- D. In case any item or lots of items are found to be defective in material or workmanship or otherwise not in conformity with the requirements of the Contract, the Ordering Office shall have the right to either reject them (with or without instructions as to their disposition) or to require their correction. Items or lots of items which have been rejected or required to be corrected shall be removed or, if required by the Ordering Office as they may deem appropriate, corrected in place by and at the expense of the supplier promptly after notice, and shall not thereafter be tendered for acceptance unless the former rejection or requirement of correction is disclosed. If the supplier fails to promptly remove such items or lots of items which are required to be removed, or promptly to replace or correct such items or lots of items, the District(s) either (1) may re-contract or otherwise, replace or correct such items and charge the supplier the cost occasioned the District(s) thereby, or (2) may terminate the Contract for default as provided in the clause of the Contract entitled "Failure to comply with Contract".
- E. Acceptance or rejection of any items shall be made as promptly as practicable after delivery, except as otherwise provided in the Contract; but failure to inspect and accept or reject items shall neither relieve the supplier from responsibility for such items as are not in accordance with the Contract requirements nor impose liability on the District(s) therefore.
- F. Neither the School District(s) nor other Ordering Office will assume responsibility for damage to any rejected delivery caused by weather, improper warehousing, or mishandling.
- G. All outer packs of items delivered under the Contract (except subsistence items delivered to cafeterias) must be marked with the Purchase Order/Contract number and item identification.

Failure to provide adequate identifying markings may result in refusal of the delivery.

This agreement to indemnify and hold harmless shall cover all suits, actions, claims or liabilities asserted against the District(s), its agents and employees, regardless of whether such suits, actions, claims or liabilities are based upon acts or failures to act attributable to the District(s) or its employees or agents, to the extent that it shall be also determined that the acts, or failure to act are attributable, in whole or in part, to such bidders or its employees or agents.

40. ASSIGNMENT OF ANTITRUST CLAIMS
